

VocRehabTools.com

Free AI-Powered Tools for the Disability Employment Community

www.VocRehabTools.com

What Is It?

VocRehabTools.com is a free, public, browser-based platform offering AI-powered tools designed to support vocational rehabilitation professionals, job seekers with disabilities, and their support systems. No login. No cost. No barriers.

Who Is It For?

VR counselors, job coaches, employment specialists, transition staff, Pre-ETS providers, case managers, and job seekers. If you work in disability employment, there is something here for you.

The Tools (15 and Growing)

- Barrier Buster
- Vocational Assessment
- Job Goal Alignment Checker
- Progress Measure Generator
- Voice Case Note Editor / Generator
- Work Readiness Assessment
- Job Interview Preparation Generator
- JCTS / SE / CE Rationalizer
- Disability Disclosure Decision-Making Helper
- Disclosure & Accommodation Request Script Builder
- Resume Generator
- Remote Work Feasibility Analyzer
- SSI Disability & Work Earnings Calculator
- Business Outreach & Partnership Generator
- Criminal Background "Pivot" Tool

How Does It Work?

Most tools follow a simple three-step workflow:

Step 1

Fill in the form fields using plain, everyday language. No clinical jargon required.

Step 2

Click "Generate Prompt" to instantly build a structured, AI-ready prompt.

Step 3

Copy and paste the prompt into your preferred AI platform (ChatGPT, Claude, Gemini, etc.).

Privacy & Safety

VocRehabTools.com does not collect, store, or share any user data. No personally identifying information (PII) should ever be entered into the tools. All AI output should be reviewed and applied with professional judgment. The tools support decision-making; they do not replace it.

It Is Free. It Is Public. It Is Ready.

No approval process. No software to install. No budget required. Share the link and start exploring today.
